MESSAGE

From the desk of Director

In the name of Allah the most gracious and most merciful

Any movement means a collective effort. A decisive Educational movement cannot be successful without full involvement of the society as a whole. However, exemplary and visionary initiative has to play a vital role to set the trend and track. AL-AQSA NATIONAL SCHOOL, Karimganj is not merely a story of an institution, rather, its success lies in pioneering an education movement of its own kind in Assam, that could stir the thought of a new generation of social engineers in the field of education.

Though government policies and private efforts have made education more and more sophisticated and expertised, the real purpose of education, the perfection of human value remains neglected. This is why the crisis of good human, good citizen remains.

AL-AQSA NATIONAL SCHOOL, in its concept and system gives due importance to that effect. We inculcate into our students the spirit of bright carrier without being carrierist and self centered. Hundreds of educational institutions in Assam are following the footprints of AL-AQSA NATIONAL SCHOOL and this is our satisfaction. We need more and more Co-operation from every corner to overcome all shortcomings on our part.

'We learn, we Lead, we Inspire'
